Subject Transportation of Cotton from Pootung to the Settlement

Made by C.D.I. Sih Tse-liang Forwarded by C. J. [Signature]

With reference to the remarks of D.C. (Special Branch), enquiries have been made at the office of the Cotton Transportation and Sales Society of Pootung, and it has been ascertained from Mr. Chu Wen-teh (朱文德), Chief of the General Affairs Department of the Society, that the cotton which the Society intends dealing in is raw cotton which will be collected in the Pootung area, packed in straw bags and not that pressed into bales.

It is learned that the cotton so collected will first be transported across the Whangpoo to the Nantao Bund and then conveyed by trucks through the French Concession to the Pootung Guild, 1454 Avenue Edward VII, where the office of the Society is located, and will be temporarily stored there pending arrangements being completed for godown storage.

The staff of the Society has not so far intimated their intention of using the Bund of the International Settlement for such unloading, although the use of the Bund of the French Concession is under negotiation with the French Authorities.

The Society has received a number of requests from farmers in villages situated in the western suburbs of Shanghai, requesting that the scheme be applied to them also, and these requests are being studied by the Society, and have tentatively agreed to purchase their cotton in the same manner as that in Pootung on the condition that the farmers themselves be responsible for the transportation of cotton to the offices of the Society.

This raw cotton will no doubt enter the International Settlement through the Western Boundary, either by Siccawei

Village or the Great Western Road Barrier.

Should a larger quantity of raw cotton be collected, than is needed in this area, the Society may export a certain amount of it to inland cities although definite measures governing such exportation have not yet been taken into consideration.

The Society is at present making arrangements to secure a site in the vicinity of Amherst Avenue and Columbia Road for the purpose of erecting a temporary ginning house.

From enquiries made among the staff of the Society the request to the Municipal Council for police protection is made to avoid misunderstanding and to eliminate interference by Police to the trucks transporting the cotton which might be mistaken for goods stolen or otherwise unlawfully obtained.

Dated 11th October, 1937.

Footung Cotton

The fields in Footung are mostly planted with cotton. Owing to the difficulty of transportation caused by the local hostilities, the cotton now harvested by the farmers in Footung is not being purchased. To afford relief the Footung Residents' Association has raised a fund of \$1,000,000 and requested cotton and cotton-yarn dealers as well as Footung Residents in Shanghai to organize the under-mentioned Association, whose functions it will be to devise measures to facilitate the transportation, sale, mortgage and storage of cotton, and to regulate the price. An office has been established on the 5th floor of the Footung Residents' Association premises and work has been commenced. We shall be very grateful if the Council would kindly instruct the Police to permit boats and trucks employed by us for transporting cotton to pass freely and also to afford them protection.

The Cotton Transportation and Sales Society of Pootung which was formally inaugurated on October 3, 1937 (Vide attached extract from Daily Intelligence Report dated 4/10/37) has an office in the Pootung Guild, 1454 Avenue Edward VII. This Society has as its main object the regulation of the sales of cotton collected by the farmers from their fields in Pootung area. The demand for this commodity, it is to be noted, has fallen off considerably owing to the present hostilities, with the result that the livelihood of the farming people in Pootung has been seriously affected.

The Society decided to raise \$1,000,000.00 as capital which will be divided into 1,000 shares of \$1,000.00 each, and up to the present, \$800,000.00 of this amount has been subscribed by its members, who number about thirty, all being either cotton merchants or gentry of Pootung.

The following persons are on the Standing Committee :-

Mr. Tu Yueh Sung (杜月笙), Chairman of the Shanghai Citizens' Association.

Mr. Hwang Zung Tse (黄佐三), Member of the Shanghai Citizens' Association.

Mr. Zung Tse Shing (陈子馨), Manager of the Hung Yuen Shing Cotton Firm, Yang S Ching, Pootung.

Mr. Chih Hai San (戚江珊), Manager of the Feng Kee Cotton Shop, Lane 340, No. 38 Avenue Edward VII.

Mr. Pan Tse Wen (潘志文), Manager of the Hung Shing Cotton Firm, Yang Ching Village, Pootung.

On October 8 and 9, 1937, this Society sent a number of its agents to Nanwei, Chuensha, King San and Sungkiang Hsiens to collect raw cotton from the farmers.
